

BUSINESS BEFORE THE COMMON PLEAS COURT

One Case Heard—Motions Acted on and Cases Assigned.

The case of James H. North vs. the Metropolitan Insurance company occupied the attention of the court for a trial. North sues to recover the amount of a policy held by his wife in the company.

The company claims that Melissa Stokes was the legal beneficiary. Judge Waller heard the evidence and took the papers. North is a negro residing in New London and employed on the New Haven road dining cars.

The settlement of the claim was made by Milo W. Benn, then New London manager for the company, and he was in court as a witness Monday.

FORMER NORWICH MAN KILLED BY THE CARS.

John T. Ford Identified by His Brother.

The man who was killed at the Montauk avenue cut, New London, on the New Haven railroad last Friday was identified on Monday as a resident of New London, and formerly of Norwich, and one who was respected by all who had his acquaintance.

The man was John T. Ford, whose home was at the corner of Washington and Colt streets, New London, where he resided with his mother and sister. They formerly lived at 180 Boswell avenue in this city and he was employed at the Hopkins & Allen factory.

Mr. Ford had absented himself from home since some time Friday and this fact alarmed his family. Monday morning his brother, Dennis Ford, went to the rooms of Undertaker Kelley, where the body had been taken for preparation for burial, and he might see the remains of the man who was killed by the cars, and there he identified the body as that of his brother, John T. Ford.

The identification was complete and such that left no doubt as to who the dead man was.

John Ford was somewhat peculiar and was in the habit of absconding himself from home at times, it was stated, without notifying his people as to where he was going. It was this fact that caused alarm on the part of the Ford family until Monday, for they expected the son and brother to appear as usual after he had been gone a few days.

Y. M. C. A. NOTES.

Plans Under Way for Formation of Shop Basketball League.

Plans are on foot for the formation of a basketball shop league with a dozen or more shops represented by teams which will play games on Saturday evenings at the Y. M. C. A. gymnasium. Members of teams must be bona fide employees of the shops which they represent, but are not required to be Y. M. C. A. members to play, since on the Saturday nights of games the gym privileges will be thrown open to the members of the teams.

Physical Director Pease has already heard from a number of shops where teams will be got together to enter the league. These include Hopkins & Allen's, United States Finishing company, Crescent Fireworks company, Swan's garage, McCrum-Howell, Pomeroy Co., H. B. Porter Co., Martin velvet mill, with probably the Totoket hose company, and Battle, to be represented.

The first event in the series to make up an all around athletic competition at the Y. M. C. A. will be held off Monday evening in the gymnasium under the direction of Physical Director Pease. It was the standing broad jump in which a dozen men made marks as follows:

COFFEE HEART

As Dangerous as the Tobacco or Whiskey Heart.

"Coffee heart" is common to many coffee users and is liable to send the owner to his or her long home if the drug is persisted in. You can run 30 or 40 yards if you find your heart is troubled. A lady who was once a victim of the "coffee heart" writes from Oregon:

"I have been a habitual user of coffee all my life and have suffered very much in recent years from ailments which I became satisfied were directly due to the poison in the beverage, such as torpid liver and indigestion, which in turn made my complexion blotchy and muddy.

"Then my heart became affected. It would beat most rapidly just after I drank my coffee, and go below normal as the coffee effect wore off. Sometimes my pulse would go as high as 187 beats to the minute. My family were greatly alarmed at my condition and at last mother persuaded me to begin the use of Postum.

"I gave up coffee entirely and absolutely, and made Postum my sole table beverage. This was 6 months ago, and all my ills, the indigestion, inactive liver and rickety heart action, have passed away, and my complexion has become clear and natural. The improvement set in very soon after I made the change, just as soon as the coffee poison had time to work out of my system.

AT POLI'S THEATER.

A Stranger in a Strange Land.

The ever-pleasing A. Stranger in a Strange Land is the bill at Poli's theater this week and is capably put on by the Poli Players and furnishes delightful entertainment for the patrons who revel in its fun. Throughout the three acts the players fill to perfection the several roles and get the plaudits of the audience.

As Jack Thorndike, the proprietor of a cattle ranch, Tom Moore makes up and plays the typical westerner in a breezy manner, and Victoria Montgomery as the American Girl contributes life and excitement galore. Fay Baker plays the part of Jack's sister in a clever manner, while Eleanor Altman, Kenneth Blaboe, Henry Carleton and Joseph Sweeney contribute in a manner which deserves more than passing mention.

The three acts are finely staged, the scenery and settings being excellent. They are a great help to the performance. Teh moving pictures between the acts entertain.

Fountain Faucet Froze.

Many Norwich people still resort to the fountain on Main street, East Side, for their supply of drinking water. On Monday morning the weather was cold enough to freeze up the faucet from which the public gets its supply, but it was quickly thawed out by those who keep an eye on the fountain.

Crossroad Closed.

People who have been in the habit of frequently using the road cutting across from the main Palmerstown-Uneasville highway to the back road, so called, when traveling through the Pequod section of Montville, are regretting the closing of this convenient drive. The road was never a town
